“Although I also use lawyers for advice, I find Croner-I HR a useful employment resource because it is easy to navigate, and I can access information that I need quickly both in depth and in summary as the need arises.

Whilst there are several other HR information products on the market I have always been impressed by the quality and accuracy of the content of the Croner titles and their easy to understand language and format. It is for this reason that I continue to subscribe to the service and would recommend it to other HR professionals.”

– Paul Forrest, former Group Employee Relations Manager, Arcadia Group Ltd –
