Croner-i International Tax

Whether it's tax planning opportunities, changes to compliance rules or HMRC practice, an important tax case or new anti-avoidance legislation, it's never been easier to keep up with the constant changes in international tax. Croner-i international tax packages contain accurate, regularly updated tax content that enables you to stay on top of legislative changes and ever-changing case law. Whatever your individual requirements or business size there is a Croner-i tax package that will meet all your UK and international tax information needs.

Every day, thousands of UK and international tax professionals use our information service to enhance their understanding and use of available information. Our deep domain experience covers all aspects of UK and international tax so you can be sure that we've considered every angle.

Our Croner-i Tax & Accounting online reference service combines accurate, up to the minute information with expert analysis and incisive commentary, all written with as much attention to clarity as accuracy. After all, you can read the original regulations for yourself – our job is to help you apply them correctly.

Our international tax packages include detailed commentary and guidance in addition access to treaties, BEPS, Transfer Pricing and other libraries.

All your content is delivered through the industry leading Croner-i Tax & Accounting platform. This cutting-edge platform is designed so the end users spend less time searching for content and more time interacting with it and using it for research and reporting.
