Croner-i Large Firm

Big tax and accounting firms need a wealth of expertise behind them – and that's what Croner-i provides. Croner-i Large Firm is an online service designed to support the extensive needs of large practices. The vast spread of resources we offer covers the wide variety of issues large firms need to deal with, including tools and guidance across the full breadth of financial reporting, audit, and tax advice.

Three packages are available to suit the level of support your firm needs, containing expert tax commentary, in-depth guidance on accounting standards, audit tools, and Deloitte manuals, plus transactional commentary from Navigate Tax, and much more.

Designed for large practices

With Croner-i Large Firm, you have resources for every type of client – from specialist audit and accounting guides such as charities programmes, to full tax legislation archives. Plus, tools like the Engagement Letter Toolkit and Business Essentials to help you manage your practice.

Up-to-date expertise

Get all the resources you need in a single, comprehensive online portal. Login to Croner-i and you'll see everything from statutes and cases to transactional and in-depth tax commentary and more, fully indexed and easy to find. Whether it's tax, accounting, or audit guidance you need, it's all just a click away.

Up-to-date expertise

Every single guide, commentary, and resource in Croner-i is kept fully up-to-date with the latest legislation and standards. You can be assured that the information you're reading is correct and relevant every time. Plus, with our CPD tracker, you can count your reading towards your CPD.

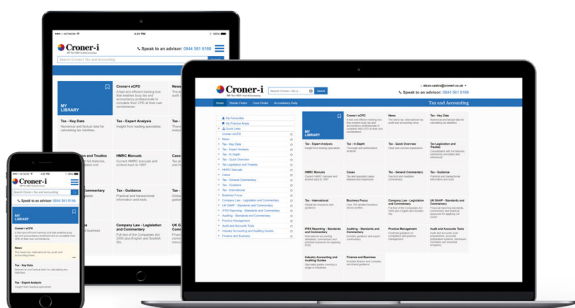

Easy to use

Croner-i is packed with functionalities that make finding, using, and saving the information you need simple. Guidance and analysis is easy to digest, navigation is straightforward, and search tools, including the unique Statute Finder, locate what you need in an instant.
